RFP 2026-02 NEMT Addendum # 2 Excel Spreadsheet

Date: 05/08/26

I received an email about the Excel Spreadsheet (attachment M) that was created to calculate an estimate of cost for the contract was having an issue of doubling the amounts entered for the primary year.

Formula was corrected and sent out to all prospective offerors that have been in communications with the Procurement Officer, Michelle Hutchinson for the Washington County Health Department for the RFP 2026-02 whether being in the Pre-proposal meeting or reaching out with emails for questions.

The estimate of cost Excel worksheet has been corrected and then posted on our solicitation sites. (Emma & WCHD website).

Michelle Hutchinson
